Proposals for the next academic year 2016-2017

School has accessed provision from Premier Sports for the past three years. Whilst this has provided the children and staff with a range of skills based and CPD opportunities, we now feel that we need to develop ours and the children's skills further.

As a result of this, we are currently investigating opportunities to commence September 2016. A meeting has already been arranged with Amber Valley School Sports Partnership and a member of the Governing Body who is actively involved in the Arts/Dance is supporting the school to identify ways in which our Sports Premium could be used to best effect in the new academic year.
